**Media Advisory: Construction Project on Grant Street to Begin on July 8
*Traffic will be maintained during project.***

Please attribute statement to Tom Shields, spokesperson for Wolverine Pipe Line Co.

Wolverine Pipe Line Company will begin a construction project on Grant Street, just south of the I-94/I-80 interchange to allow for standard maintenance of one of our pipelines that runs under the street. The project is expected to be completed by October 18, 2019.

A temporary lane will be constructed to allow for two lanes of traffic in each direction to be maintained throughout the project.

Construction signs will be posted and we encourage all motorists to take precautions in the area during this time.

Wolverine is a pipeline transportation service company incorporated in 1952, and is headquartered in Portage, Michigan. Wolverine has approximately 80 employees in three states where it operates — Michigan, Indiana and Illinois. Wolverine operates more than 700 miles of active pipelines connecting refineries in Joliet and Lemont, Illinois and Hammond, Indiana to terminals in Illinois, Indiana and Michigan.
